KCC, Faculty Agree, Lay-offs Avoided

Kirtland Community College and its faculty have reached an agreement that rolls back 1982-83 instructor salaries 5 percent and avoids lay-offs of any staff members. Nine instructors on the 20-person faculty received notices last March they faced possible lay-offs.

The agreement was reached June 22 a day before the deadline for sending 60-day lay-off notices to instructors for the fall semester. KCC will offer about the same instructional load as last year. A master agreement with the faculty is hoped to be completed by June 30, President Raymond Homer said. The agreement concerning salaries, lay-offs, and three other areas is actually a memorandum of understanding between the two parties.

Stolen Car Recovered from Pond

A red Datsun station wagon stolen from East Detroit was recovered last Thursday from a pond along Military Road south of Fletcher Road. The car was reported stolen at 10:23 a.m. in East Detroit and a fisherman reported the car in the pond at 4:42 p.m. The car was pulled out by the Crawford County Sheriff Dept. Diving team and the Riker Wrecker service. Anyone seeing the auto on June 23 should call the Sheriff Dept.

On June 25, two national guardsmen were allegedly robbed at gunpoint as they hitch-hiked to Camp Grayling. A vehicle reportedly pulled over and a person got out pointing something while ordering the men to empty their pockets. The robbery allegedly occurred at 2 a.m. and is still under investigation.

To Hold Boat Safety Classes

There will be a Marine Boating Safety class held on July 8th, and July 9th, 1982 at the Grayling Fire Barn located on James Street, Grayling. Classes will start at 9:00 a.m. and run to 11:00 a.m. Children 12 years old or older are urged to attend. Adults are welcome.

If you need further information, please feel free to call the Crawford County Sheriff Department 348-6341.

Canoe Liveries Unhappy with Proposed Rules

A new compromise draft bill by the DNR to regulate canoes on Michigan rivers has been called unsatisfactory by the Michigan Recreational Canoeing Association.

The association, which has eight major Grayling canoe liveries in its membership, said the draft bill is different from a compromise agreement reached last fall with the DNR.

Roger Bielfuss, chairman of the association from Baldwin, pointed out three major areas of disagreement in the new proposed rules.

He said where a compromise had been reached last fall on the number of canoes permitted in certain sections of streams, the DNR in the draft bill slipped in an automatic 15 reduction over three years in the numbers.

Steve Southard, former president of the Grayling Area Canoe Livery Association, said the automatic reduction was unacceptable because the DNR could continue with the reductions until liveries were forced out of business.

Bielfuss said the new rules do not cover regulating private canoes. Southard said if the problem is the number of canoes on the rivers, then private canoes have to be regulated too. He said a lot of the increase of canoes on the AuSable and Manistee rivers in the last couple of years has been private canoes.

The new draft also proposes to outlaw rental canoes during the first 15 days of the trout opening season. Livery owners contend that after opening weekend, fishing pressure drops during that period. Bielfuss said the DNR, with the proposed rules, is asking to eliminate all rental canoes during a time of year when fishing pressure is the lowest.

Southard said the two biggest groups involved in the canoe regulations, the canoe liveries and Trout Unlimited, are both unhappy with parts of the new draft bill. He said some of

the proposed rules make it harder on canoe liveries and fishermen. Some time limits on sections of the AuSable will require liveries to move their canoes and start then downstream farther. But starting them downstream farther will put them in other stretches of the river earlier.

The Michigan Recreational Canoeing Association has instructed Bielfuss to return to the negotiation table and tell the DNR to stick to the compromise reached last fall.

Under the proposed bill, the north branch of the AuSable and the mainstream north of Pollak Bridge will be closed to all watercraft. The Manistee River upstream from Cameron Road Bridge will also be closed to watercraft.

On the AuSable mainstream and south branch and the Manistee, seasonal restrictions will be placed on the number of canoes in certain sections.

Jack Pine Pest Spreading

780 Acres Sprayed in County

By Jon Thompson

Approximately 780 acres in Crawford County have been sprayed by the DNR in an attempt to save five young stands of jack pine from a budworm eating its way across northern lower Michigan.

Two weeks ago, the chemical Sevin was sprayed from a plane onto 90 acres of jack pine in Grayling Township and 690 acres in Lovells and Beaver Creek Township. Sevin is very non-toxic to mammals and birds, according to entomologist Ron Murray, of the DNR Forestry Division at Roscommon Region II headquarters.

Murray said the chemical is used on a wide variety of edible agricultural crops and it affects only certain insects.

The chemical was mixed with an oil base to help it stick to trees. Its effects last ten days and it leaves a low residual in the environment.

Murray said the oil base also helped hold down any drifting during spraying.

Hosting a Coffee Hour

In honor of Mr. and Mrs. Harry Souders 50th wedding anniversary their children, Mr. and Mrs. Robert Knutilla and Mr. and Mrs. Richard Souders will be hosting a coffee hour on July 4, 1982 from 12:00 noon to 1:30 p.m. at the United Methodist Church. All their friends and relatives are invited to attend. No gifts please, just the honor of your presence.

Damp weather during the spraying also contributed to keep drifting during the spraying to a minimum. Winds were less than 10 miles an hour during the spraying which took approximately 25-30 passes over an area during less than a half hour.

The 90 acres in Grayling Township were sprayed by the DNR following forest division recommendations to save the young stands of Jack Pine. The 690 acres in Lovells and Beaver Creek Township were sprayed to save young stands of jack pine to provide habitat for the Kirtland's warbler, an endangered species.

The stands of jack pine were planted trees and not stands of naturally occurring growth. The areas sprayed for Kirtland's warbler did not have any birds nesting there currently.

Masons to Host Pig Roast

The Masons will host a pig roast dinner and pancake and sausage breakfast on Saturday, July 3rd.

The pancake and sausage breakfast will start at 8 a.m. until parade time for \$2.50 per person.

The outside pig roast will be at the Masonic Temple and everybody is welcome. Serving will start at 3 p.m. until ??? Donations are \$4.00 for adults and \$2.00 for children under 12. The pig is entered in the parade and will be cooking at this time. All Masons in the area, are urged to take part in the parade.

Schools Oppose Two Property Transfers

The Crawford AuSable School District will go to battle again to keep land around Heart Lake from being transferred to the Gaylord Community Schools District.

Crawford AuSable faced two property transfer hearings this week. On Tuesday, a hearing officer appointed by the State Board of Education re-examined a request from about 69 property owners around Heart Lake to transfer their land to the Gaylord school system.

Their request was originally denied by COOR and C.O.P. intermediate school districts on Oct. 1, 1980. A State Board of Education hearing officer later upheld the decision. They appealed to a circuit court which ordered a re-hearing because of irregularities in supporting documents and maps.

The Crawford AuSable School Board passed a

resolution June 21 opposing this land transfer request and Superintendent William Diedrich went to Lansing Tuesday to present the school district's views once again.

If the land is transferred, Crawford AuSable would lose more than \$25,000 in property revenues a year.

"We're a land-poor school district and we can't afford to lose any of our tax base," Diedrich said in September of 1980 before the first hearing. "When we built the new Frederic school and the new high school we counted on tax revenues from Heart Lake."

The Heart Lake property owners want the transfer because they identify with the Gaylord area more than Grayling. Heart Lake is approximately ten miles from Gaylord and 17 miles from Grayling.

The second land transfer hearing, scheduled for Wednesday, June 30, at 8 p.m. in the Grayling High School, involves one family at Heart Lake.

James and Diane Wilhelm claim when they bought their land at Heart Lake they were told by Gaylord Superintendent Thomas Gill and the Otsego County Dept. of

Buckeyes Arrive For Training

Americans celebrate their Independence Day in a variety of ways, and the Ohio Army National Guard 16th Engineer Brigade only proves that adage. As the 4th of July approaches your plans for the national holiday may include the laying-up of quantities of hot dogs, buns, beer, and fireworks. You may have in

mind an outing into the natural wonderland that surrounds Grayling, or a day of complete relaxation and rest.

The Ohio Army National Guard 16th Engineer Brigade, presently undergoing training at Camp Grayling, will indeed be taking an outing come this 4th of July, but rest and relaxation are not on their agenda. This Sunday they will be taking to the hills and dales to begin their Army Training and Evaluation Program (ARTEP).

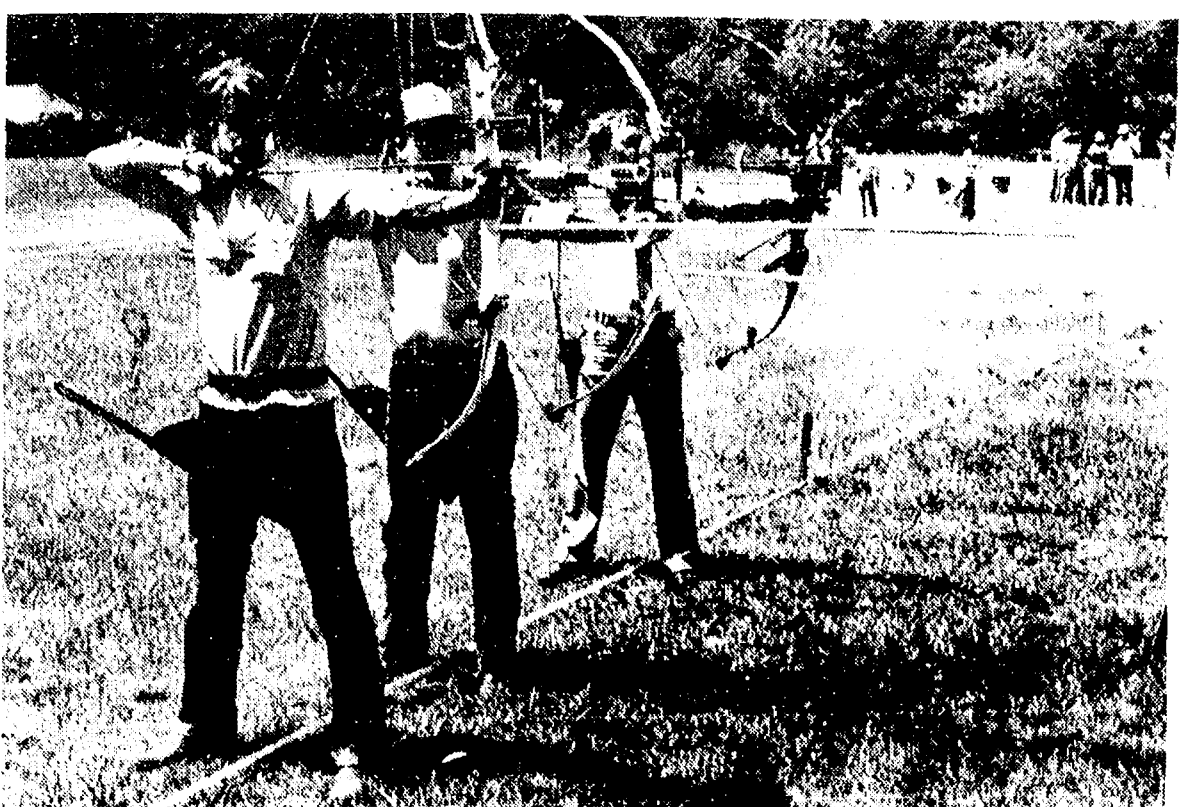

This past weekend over 3,000 troops converged on Camp Grayling from as far afield as Kentucky to serve under the command of Brigadier General David Wilbert Wayt, Commander, 16th Engineer Brigade, Ohio Army National Guard.

Could You Spare One Hour?

Hanson Park, Progressing Slowly But in the Right Direction

Hanson Park, the once famous Bear Mountain Ski Complex, is showing signs of making a comeback, but not as a seasonal resort. Instead, Hanson Park is taking on many of the earmarks of becoming a well rounded, community recreation area, which is just what the Grayling Recreation Authority hopes to develop at the area. Over the past weekend, many people enjoyed the many and varied activities which the park has to offer under its changing composition. The most popular item seems to be the addition of two pedal boats on the pond which are available for rent. In the near future, two more boats will be added to the park fleet. While some people pedaled around the pond, others enjoyed horseshoes while still others played basketball. Others simply took a leisurely stroll around the well marked trail system.

Even with the new additions to the park, the natural serenity of the area still abounds. Bird life is plentiful and upon occasion, one may glimpse a raccoon or a deer. In all the development, great care is being taken to protect all of the natural beauty which the park has to offer.

Even though there is still much work to be done, Hanson Park is now open from 9:00 a.m. until 9:00 p.m. seven days a week to provide recreational opportunity to residents and visitors of the Grayling area. The park is staffed and park personnel are on duty all the time the park is open. Presently, in addition to the previously mentioned activities, Hanson Park has a small concession area, a volleyball court, canoes and a driving range. Soon to be completed projects include a baseball/softball diamond and a physical fitness trail.

The staff and management of Hanson Park cordially invite you to take just one hour of your leisure time and come and visit us. Let us show you what has been accomplished and what our plans are for the future. Some local organizations are even planning to hold one of their meetings at the park in an effort to acquaint their members to the many recreational opportunities the park has to offer. If you would like more information about Hanson Park, please pay us a visit, and if that is not possible, call us at 348-9266.

Pat Paulsen at CC Playhouse

The Cherry County Playhouse in Traverse City is busily preparing for the opening of its 28th season. CCP owner, Pat Paulsen, will be starring in WALLY'S CAFE, which runs June 29 through July 11. The play involves a couple from New Jersey who spend their life savings and the majority of their adult life on a hamburger joint in the middle of the California desert. Their life is interrupted by a young girl on her way to Hollywood to become a big-time movie star. The results of their eventual friendships are both straining and hilarious.

The Box Office of the Cherry County Playhouse is now open. Hours are Monday through Saturday 10:00 a.m.-5:00 p.m. Performances for WALLY'S CAFE are Tuesday through Friday at 8:30 p.m., Saturday at 6:00 p.m. and 9:45 p.m. and Sunday at 7:30 p.m. There is also a matinee every Thursday at 2:00 p.m.

Due to the Cherry Festival, curtain times for WALLY'S CAFE, July 6-July 9 are, Tuesday through Friday at 9:00 p.m. Ticket prices for the evening performances are \$10.50 and \$9.50. The matinees are \$7.50 and \$6.50. Visa and MasterCard are accepted.

Office of Catholic Education Moved

Michael Lebrato has been named Director of the Office of Catholic Education for the Diocese of Gaylord.

The office presently located in Grayling (formerly the Office of Christian Education) will relocate to 220 N. Otsego in Gaylord in early July.

Staff for the office will include the Associate Superintendent of Schools, Associate for Religious Education and Associate with Handicapped. The new office will also house an audio visual department and staff.

Lebrato holds a Masters Degree in Philosophy from Michigan State University and will soon receive a Masters Degree in Theology from the University of Detroit. He is working toward a degree as Specialist in Education from Central Michigan University.

Before joining O.C.E., he taught philosophy for five years at Kansas State College and for two years was director of the Office of Religious Education in conjunction with Manistee Catholic Central Schools in Manistee, Michigan.

While offering a variety of services, Lebrato envisions a continued updating and strengthening of religious education programs as well as enrichment and expanded training for religious teachers in the diocese. "We also hope to provide parish schools with financial advisement or assistance in meeting the increasing costs that so many schools are experiencing," he said.

Future plans include a program of increased awareness of scriptures for parishioners. Also planned are new dimensional pilot programs in five or six parishes as service to the handicapped.

Lebrato, his wife Angela and children Amy, Maria, Joseph and Tony reside in the Gaylord area.

From Our Corner ...

We're happy to report that we received a response from last week's column pertaining to the cutting of the timber throughout Crawford County...this was our second request for information to the cutting...we have received numerous calls about the cutting of the trees and it seems they were from all points in the county...last Wednesday we received a call from Jim McMillan of the DNR, we set up an interview with Mr. McMillan and Jon Thompson, staff writer for the Avalanche...Jon's article will appear in the July 8th issue, we hope this will clear up the problem...

This would be a lovely town to live in if we didn't have the worms that crawl at night...Sunday we were down to the office and noticed that two of the flags in front of the Sawmill and one flag in front of the Avalanche were taken during the night...all we can say we hope whoever took them has a guilty conscience and puts them where they belong...the flags are put up each spring and taken down in the fall by the Grayling Downtown Merchants Association...it takes a little man to rifle something that adds somewhat to the beauty of a town...we hope they choke on them...

Hopefully this past weekend is what we will be able to expect for next weekend...the Fourth of July this year is on Sunday...Grayling will celebrate it with a parade on Saturday, July 3rd, so plan on spending a fun filled weekend right here in Crawford County...we know you will enjoy yourself...

Justice...we cannot understand how a person that shot the President of the United States, and three others, four wounded including the President, got off scott free by pleading insanity...no doubt, in two-three years he will be back on the streets to commit other crimes...if this had been committed in some other country, the assailant would be dead by sundown...

We have to wonder what the people who are against capital punishment think with this acquittal of a man who set out to kill the President of the United States of America to try and satisfy his affection of some girl...it has to be unreal...the Congress of the United States has to sit down and bring into law something more than a slap on the wrist for anyone who tries to kill any of our government leaders...vote in capital punishment for all the states for anyone accused of the crime...Michigan, we hope will be able to vote on capital punishment in the November election...maybe the electors will remember this outrageous decision by the courts to acquit the assailant of our President...

See as how this is a political voting year...a new policy concerning Letters to the Editor will be upheld...any candidate will have but one such letter in the Avalanche prior to election, which we feel is political motivated...other than that political statements will be considered advertisement...and will be paid for...

This does it for this week's turkey...we're hoping for a nice Fourth of July weekend...so everyone can enjoy the fun and frolics...it's time now to say goodnight T.J., Stefany and Amber and to all of our readers please have a safe, sane holiday weekend...we want you to be able to read next week's Corner...

The Bible Speaks

From Calvary Baptist Church

The Sanctified Mind Romans 8:5-11

There are characteristics of the Spirit controlled mind which separate the carnal Christian from the spiritual Christian.

If the Holy Spirit is in control of his life, his mind will be centered on spiritual things instead of selfish things of the flesh. "For they that are after the flesh do mind the things of the flesh; but they that are after the Spirit the things of the Spirit." Romans 8:5.

While the carnal mind is thinking about things which will pass away or end in destruction or death, the spiritual mind is thinking about those things connected with eternal life and peace. "For to be carnally minded is death; but to be spiritually minded is life and peace." Verse 6.

The carnal mind is hostile to God and His Word, while the spiritual mind is subject to God's word. "Because the carnal mind is enmity against God: for it is not subject to the law of God, neither indeed can be." Verse 7.

The carnal mind strives to please self and the spiritual mind strives to please God. "So then they that are in the flesh cannot please God." Verse 8.

Every Christian has the capacity to be spiritually minded because the Holy Spirit dwells in him. "But ye are not in the flesh, but in the

Spirit, if so be that the Spirit of God dwell in you. Now if any man have not the Spirit of Christ, he is none of his." Verse 9. It is false doctrine to teach people that they must be baptized by the Holy Spirit after they are saved. One who does not have the Holy Spirit is not a Christian. One can have no more of the Holy Spirit than he has at salvation. The true question is not how much of the Holy Spirit do we have, but rather, how much of us does the Holy Spirit control or have.

The spiritually minded Christian realizes his body will never be free from the effects of sin in this life, so he stresses his relationship to the righteous life of the Holy Spirit who endwells him. "And if Christ be in you, the body is dead because of sin; but the Spirit is life because of righteousness." Verse 10.

The spiritually minded Christian has eternal security. He knows that this old body will be destroyed in death because of sin, but he awaits in confidence and hope the resurrection of the body to perfect sanctification and holiness at the return of our Lord Jesus Christ. "But if the Spirit of him that raised up Jesus from the dead dwell in you, he that raised up Christ from the dead shall also quicken your mortal bodies by his Spirit that dwelleth in you." Verse 11. See also I John 3:2. (adv.)

Nothing works more sorcery on trout and fishermen than the large Michigan Mayfly, Hexagenia limbata. Those who fish the "hex hatch" have been accused of a peculiar mania and will often stay out all night in search of trophy sized fish. This Saturday the Old AuSable Sport Shop will add to this fishing frenzy with our guest fly tier, Don Geiss. "John boat" Don, as he is referred to in any discussion among large trout hunters, will be on hand with some of the flies he uses on his nightly expeditions on the Manistee.
As always, the Old AuSable Sport Shop will have the flies you need and current information on local hatches. We know where the big fish live and we have the guides and the flies to bring them into your net. Stop by on Saturday for a cup of coffee and a chance to visit with Don Geiss. Join in our celebration of Hex madness.

Vocation Bible School last week was a real success. Total enrollment - 117 and 24 teachers. The boys won the contest. Daily attendance, 78, 88, 101, 103 and 105. The children were delighted when Pastor Taylor stood on his head when he said, if they could hit the 100 mark. All had a good time. Appreciated all the parents that sent their children, and to those who furnished cookies, this always been a good response. To the teachers, who some took time off from work to help.

Bible Drill Champions—Grades K, 1, 2 Bobby Hebel; Grades 3, 4, 5 Irma Lavigne; Grades 6-12 Danna Pratt.

Individual winners: Nursery Girls, Jennelle DeMoines, Jennifer Wallace. Boys: Eric Hulbert, Ty Alma. Primary Girls K, 1, 2 Grades: Mara Hebel, Helen Denno; Boys: Bobby Hebel, Chad Beckett; Junior Girls 3, 4, 5: Amiee Bordeaux, Claudine Allen; Boys, Eric Alma, tie: Tim Perkins and David Pratt. All the boys and girls really worked hard. Points were won by bringing their bibles, knowing their verse, attendance, bringing someone and extra verse. All a hand to each of the boys and girls. Had a nice turn out for the evening program. See you next year.

Camp time kids, anyone interested now's the time to enroll, coming Friday, July 2nd a group will be going for their physical, cost of \$3.00, this will be the only time or you will have to make your own arrangement. Contact Pastor Taylor at 348-8126. July is for July 26 thru 31.

Second Utility Question To Be On November Ballot

Warren M. Hoyt, Executive Director, MPA

The Legislature, rejecting charges they were attempting to confuse the voters, approved its own ballot proposal prohibiting automatic pass-throughs to consumers, the higher costs of fuel or purchased power.

Legislation, approved by both houses of the Legislature and if signed by the governor, is designed to go on the November ballot opposite an initiative proposal backed by the Michigan Citizens Lobby and Attorney General Frank J. Kelley.

Both the measures would limit the practice of utilities automatically increasing rates to cover the costs of fuel and power.

Both require hearings and approval by the Public Service Commission, but a critical difference between the two proposals is that the Citizens Lobby proposal requires that only one rate hearing be held at a time, while the legislative proposal permits several rate hearings from one utility simultaneously.

Joseph Tuchinsky, executive director of the Citizens Lobby, said multiple hearings would only guarantee that the utility rate hike requests would go through, because consumer advocates would be unable to effectively challenge them.

However, Representative Thomas Anderson (D-Southgate), chairman of a legislative utility task force, said the utilities need the ability to hold simultaneous hearings so they can recover any sudden increased costs.

Charges were levied during the legislative discussions that the proposal was only being put on the ballot opposite the Citizens Lobby one to confuse the voters, which often leads voters to vote "no" on everything.

Regardless of those charges, legislators opted for the alternate proposal and it will be on the November

ballot beside the initiated one.

State May Enter Suit Against U.S. Department of Education

Through the efforts of Attorney General Kelley, the state has petitioned the U.S. District Court for the District of Columbia to enter into a suit pending before the court to force the federal Department of Education to use 1980 census data in allocating funds to the states, a move that will gain \$18.4 million in federal school aid.

Kelley is seeking to intervene in a case currently before the court testing the legality of the department's decision to use 1970 census data rather than the updated 1980 census.

At issue is \$2.4 billion in funds appropriated under the Education Consolidation and Improvement Act of 1981.

The attorney general noted that the state was notified that it will receive approximately \$93.6 million for the next school year. He predicted that if 1980 census figures are used, the state would be eligible for about \$112 million.

The intervention is necessary because the New York suit only seeks relief for the states already involved in the court fight.

Kelley noted that Michigan's legal claim is identical to that of the other states involved.

If allowed to intervene, Kelley said he will argue the Department of Education failed to calculate aid payments as prescribed by the law which mandates use of "the most recent satisfactory data available from the Department of Commerce..."

The 1980 census shows Michigan having 263,508 eligible children compared to 1970 data of 220,485.

"It is wholesale nonsense to conduct the census every 10 years and not use it," Kelley concluded.

Mr. and Mrs. H.A. Blakeslee of Eagle Point Rd., celebrated their 50th wedding anniversary at the 4068 Legion Hall in Mt. Morris, on June 19, 1982, which was attended by over 200 friends and relatives.

Mr. and Mrs. Blakeslee moved from Flint to Grayling permanently in 1970. They have 4 children, Robert of Montrose; Mildred Buffa of Flint; Linda Dickerson of Burton and Gerald of Swartz Creek, 17 grandchildren and 18 great grandchildren.

RSVP Reports

by Sherry Haag
Director

Welcome to news of the Retired Senior Volunteer Program. Volunteering as a means of addressing America's social needs - an idea whose time has come. In response to this idea, the White House and Action co-sponsored two national workshops on volunteerism with representatives from the public and private sectors looking at ways of developing partnerships to complement existing social programs at the local level. Participants specifically looked at successful volunteer projects as models for future volunteer efforts in health care, education, social services, youth problems, unemployment, crime prevention, and refugee assistance. A number of ACTION projects were singled out as outstanding examples.

Everyone involved concurred that a number of their state's social programs would be non-existent if volunteers did not run them. Volunteers have provided services that taxpayers could never have afforded to pay for.

As part of the drive to promote private sector involvement in volunteerism, ACTION's Office of Volunteer Liaison is establishing a national information network to show businesses various ways, other than through private donations, they can use to sponsor volunteer programs in their communities. For more information, call the Crawford County RSVP office at 348-4341 or 348-8322, Monday through Friday, 8-5.

The RSVP in Monroe, Michigan, recently celebrated its 10th Anniversary. Highlights of the program are 451 volunteers - 10,250 monthly service hours - 123,000 yearly service hours - 50 stations in Monroe County, and 710,000 service hours in the 9 years of the program.

RSVP of Crawford County is starting its 10th year. Let's make this the best year ever. If you would, or know of someone who would like to become involved in volunteer service, give us a call at 348-4341 or 348-8322. We'd be glad to give you more information.

We are presently in need of substitutes for Hartwick Pines and the Historical Museum. We also need someone for Friday, 1-4 shift at the Museum. If you'd be interested, give us a call.

Now's the time to get your monthly reports together and drop them by the office or put them in the mail. It helps us get our reports to Detroit on time.

We received the 6th and 8th year recognition seals. If you can't stop by the office, give us a call and we'll mail yours.

CARD OF THANKS

Many thanks to my friends and relatives for their cards, flowers, and visits which brighten my day.

A special thank you to the ambulance crew.

God Bless You,

Two Attend Redken Seminar

Two staff members of the Golden Touch, Gail Swope and Maureen Monahan, recently attended a Redken regional seminar. The three-day seminar was hosted by the Amway Plaza Hotel in Grand Rapids.

Redken featured three education filled days, including a face to face program on skin care, coloring, advanced techniques in perming, and many various haircutting procedures.

Gail and Maureen felt that the quality of their education was superb. They know their added knowledge will aid them to better serve their clients at the Golden Touch.

1982 Outstanding Senior Citizen

Evelyn Shuraleff was elected by her peers to be the Outstanding Senior Citizen for 1982.

Evelyn has been the hostess for the Tuesday night dance group for five years. She recently resigned and now Charles Kirk has taken over as host of the dance group. Evelyn also volunteers as a teachers aide at the school.

Evelyn and her husband, Nick, came here from the Detroit area where she was active in Scouts and hostel work. Nick was a football coach and was elected to the Hall of Fame. They have three married children and three grandchildren. When they first came to Grayling they lived in their son's house, the little church on the corner of State and Shellenberger, to see if they would like it here. They came to the Center and became involved in the activities, made friends, and loved it here so they purchased a home in Grayling.

Nick teaches the swimming and is the host for the stag party.

Evelyn was presented with a banner proclaiming her the 1982 Outstanding Senior Citizen, a bouquet of flowers and her crown and staff. She will ride in all parades and preside whenever needed this coming year.

Evelyn and Nick are two lovely people, a real asset to our community and we are proud to salute you, Evelyn, as the most Outstanding Senior Citizen of 1982 in Crawford County.

Barnie Engel was the runner-up. Barnie has lived in Grayling since 1950 and is one of the most helpful guys at the Center. Barnie is "Mr. Fix-It" and a wonderful couple are Barnie and Treva.

The former winners were all presented at the dinner dance also: 1976-Mattie Lowe, deceased, a framed poem of hers was placed in her chair; 1977-Amy Gothro; 1978-Loretta Barnes; 1979-Angie Kirkum; 1980-Ingaborg Leslie; 1981-King Archie Archibald.

Archie escorted all the queens to their chair of honor. St. Mary's Altar Society served a delicious prime rib dinner with all the trimmings. St. Mary's Hall was beautifully decorated in Shades of Blue. The Shades of Blue Orchestra played dance music until after midnight.

It was a great evening honoring all those lovely senior citizens who so well deserve the glory.

Doodles From The Tall Timber

Wendell L. Hoover
Park Interpreter

It won't be long before the wild iris or Blue Flag will be in bloom. This wild version of the iris can grow to three feet tall, but is often shorter, and is found from Newfoundland to Florida, mostly in or along the edges of marshes where the sun can reach the ground. The flowers are usually violet-blue, with yellow, white and green; the segments being generally more slender and smaller than in most of the cultivated varieties. The name "Flag" is from the middle English flagge, "rush" or "reed".

A word of caution to you ladies who like to use the Iris as bouquets. Both the wild (Blue Flag) iris and the garden varieties have poisonous rootstocks and some individuals receive a severe dermatitis from handling the rootstocks or other parts of the iris. Be especially cautious with the sap from the cut stems because it may have the same effect as poison ivy.

Kirtland's Warbler Population Down 14 Percent from 1981

The Kirtland's Warbler population is down 14 percent from the 1981 census. There were 200 singing male Kirtland's Warblers counted during the June 4 to 15 census this year in Michigan. Last year, 232 males were counted.

This decline was not altogether unexpected. In fact, it is expected that the population will remain at this low level or even decline a bit more until 1987. This is related to a continued decline in available habitat over the next 5 years.

The counts were up in the younger jack pine habitats on the Huron National Forest and in the National Guard area. However, the counts were down in the aging habitats on the State Forests. They have also disappeared from several of the small, scattered areas throughout their nesting range.

By 1987, the habitat that has been developed by the Michigan DNR and USDA Forest Service will become suitable. As part of this program, the Harrisville Ranger District will conduct a prescribed burn, weather permitting, late this summer

on a 200 acre site. After the burn, which prepares the site and reduces slash, the area will be planted. After 6 to 10 years of growth, the site begins to take on the characteristics favored for nesting by Kirtland's Warblers. They may utilize the site for approximately 12-14 years before the jack pine becomes too tall to provide adequate shelter. Consequently, creation of new nesting habitat has to be a continual on-going program if the species is to survive. As the Michigan DNR and Huron-Manistee National Forests continue to make more habitat available, the population of Kirtland's Warblers should begin to increase.

Expo Provides Guidelines To Power Equipment Management

East Lansing, Mi.—Properly using modern farm equipment can enable farmers to increase their efficiency significantly.

Farmers must pick the proper sized equipment to do the job most efficiently. This is where Ag. Expo '82 enters the picture.

The event, July 20-22 at Michigan State University, features 30 acres of farm equipment and displays. Visitors will be able to see just about every type of apparatus needed to help improve farm production efficiency.

"Expo will help farmers make management decisions for potential capital changes necessary to maintain or increase production efficiency," says William Bickert, MSU Cooperative Extension Ser-

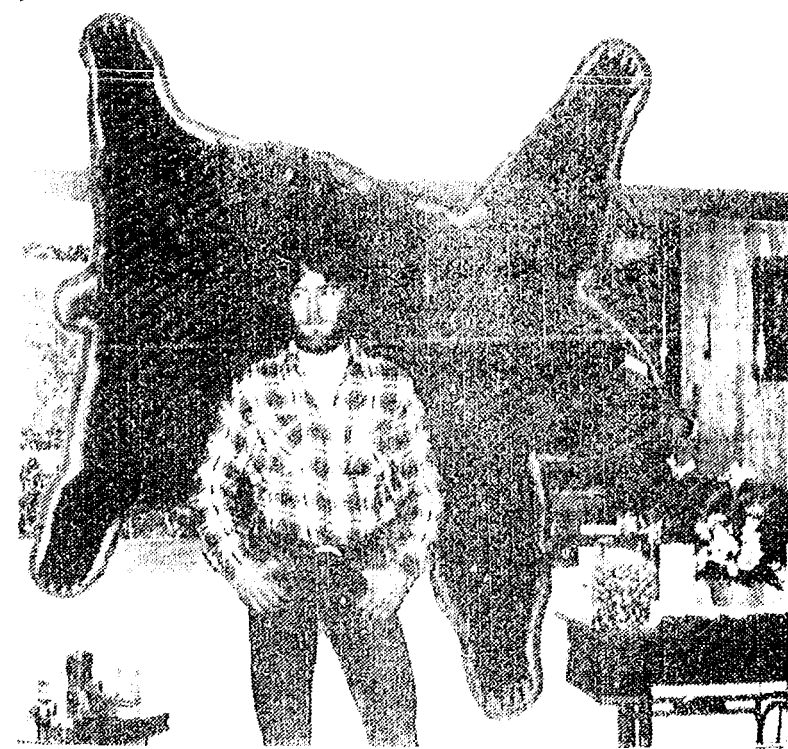

vice agricultural engineer and Ag. Expo '82 chairman.

The Ag. Expo '82 site is near the intersection of Farm Lane and Mt. Hope Road, close to the central campus. Free shuttle buses will be available to the 50-acre tillage demonstration site, the campus and crop variety trial tours.

The machinery displays will represent almost every mechanized area in a typical farm operation. Examples include irrigation systems, field machinery, dairy equipment and supplies, livestock handling equipment, grain harvesting, handling and storage systems, sprayers, buildings, seed, and fertilizer supplies and services.

"This complete machinery exhibition will allow farmers to see the latest machinery available on the market and enable them to compare systems," Bickert says.

Details of Ag. Expo '82 may be obtained from the county MSU Cooperative Extension Service office.

At the present they are staying with the John Stephan family in Soldotna and trying their luck at King Salmon fishing.

Strolling Around Town

By Fay Bovee

The McEvers home on Ionia and Park (the former Montour home) has been resided with white siding giving it a new look. While over on Maple Street the Ohsowski home (formerly the Leo Jorgenson home) has also been resided in beige siding and has brown trim and is very attractive.

Over on Park Street the Hunters are building a retaining wall on one side of their lot and across the street on Ogemaw there are still sounds of remodeling at the former Pearl Nolan home, now owned by David Lovely.

We had the opportunity to see the Cobble Creek complex and found them even more attractive than what is seen from Madsen Street.

All of the canoe liveries in our neighborhood are very conscientious about keeping their places clean and neat. Penrod's has really taken on a new look this spring and last week the Jolly Redskin sign received a coat of paint.

Chicken Charlie, we saw you mowing!

JOLLY FINE VISIT—British Sergeant Major Powell accepts a plaque from Crawford County Sheriff Joe White and Grayling Chief of Police Pete Stephan (not pictured) indicating the goodwill between the local police departments and the British troops that recently spent two weeks here. Sheriff White said the 120 British soldiers were great visitors and law enforcement officers had no problems with them.

Members of the wedding party for David and Julie were James Bobenmoyer, best man, Connie Sliotsky (sister) maid of honor, Keith Bobenmoyer, groomsmen and Shelley Haskin, bridesmaid.

Mrs. Bovee's class went to a ceramics shop called the Bisque and Brush. Mrs. Conklin, the owner of the shop, showed us how she made her ceramics. First she took a small mold out that she had done that morning. She took it out of the mold and it was a little toothpick holder. Also when we were there she put the slip into the mold. We never got to see it because it wouldn't get dry in time for us to see it. She also showed us how they made it smooth and how they made it shiny. There were other very pretty ceramics there too. She made a ceramic piggy-bank that Mandy Stephan won in the drawing.

Mrs. Bovee's class won two weeks of the Campbell Soup label contest. We tried very hard to win the Grand Prize but didn't. Instead Mrs. Moore gave us a party for winning the soup label contest. She made us fried rice with bacon. She made us eat with chopsticks that Mrs. Moore gave us. She also had some other American snacks. It was also one of the student's birthday so we had cake, too. Some of the kids tried to eat their cake with their chopsticks, too. By Jim Watkins, 5th grade.

Equalization that their property was in the Gaylord school district. When their first tax assessment came, however, they discovered the land was in the Crawford AuSable School District. They have two sons, ages 8 and 11, and request the transfer so they can continue to attend Gaylord schools where they have gone since 1979.

The Crawford AuSable School Board also went on record opposing this transfer request but instructed Superintendent Diedrich to start procedures that would allow the two boys to go to the Gaylord schools and he was instructed to ask Gaylord to waive any tuition costs in this case since they gave misinformation to help cause the situation.

The two intermediate school districts containing Grayling and Gaylord, COOR and C.O.P. (Cheboygan, Otsego, and Presque Isle) will again make a decision concerning this

second transfer request. Each board member of COOR and C.O.P. will have one vote in the decision.

Anyone with relevant comments on the land transfer will have an opportunity to speak at the meeting Wednesday.

AARP to Meet

The Crawford County Chapter No. 1681 of the American Association of Retired Persons held the June meeting Monday the 28th at the Senior Citizen Center. Thirty two persons attended. President, Myrtle Graham called the meeting to order, and Velma Lobdell gave the invocation.

We were very proud and happy to have one of our members, Evelyn Shuraleff, being chosen as the outstanding Senior Citizen for 1982. Evelyn is a leader, and has had charge of the dance class for five and one half years.

Elmer Fenton gave a very interesting talk on the Historical Museum, which brought memories to many people.

The highlight of the afternoon was an organ recital by George Rushton, Grandson of Blanche and Jack Rushton. George is ten years old, and has won many awards for his skill at playing the organ.

The July meeting will be a potluck at 2 p.m. on Monday, the 26th at Hartwick Pines.

Refreshments were furnished by Blanche Rushton.

Bits O'Talk

By Fay Bovee

We enjoyed a short visit with Mrs. Leota Herrod of Flint and Mrs. Ila Hanson of Saginaw. They were in the area to attend the alumni reunion in Frederic.

Betty Thomson was feted at a graduation party by her parents, Paul and Donna Thomson, on Saturday evening, June 12 at their home at Lake Margrethe. Donna's sister and family, Tom and Kathy McEnhill and children of Muskegon, were here for the event.

Bob and Fay Bovee attended the christening of their grandson, Peter Andrew Smith on Sunday, June 20, at Glasco, N.Y. They visited their family Richard and Billie Smith in Saugerties and enroute there and back stopped overnight with another daughter, Dena, in Dublin, Ohio. They also visited the library computer center where Dena is employed.

The spraying of trees in the five counties was an emergency action, Murray said. The long term solution to the budworm problem is keep young vigorous stands of jack pine in rotation. Currently, there's an overabundance of old stands of jack pine.

Dear Whitey,

Last year I spent a great deal of time and energy studying the contract between the phone company and our county commissioners. In my study I found that the new phone system would cost 2 to 3 TIMES the then present system, plus an operator's wages plus an alternate operator's wages, plus fringes, and benefits.

The vote on the new system was J. Kitchen, aye, M. Bidvia, aye, Andie Neilson, nay, John Miller, nay, L. Mattis, aye, W. Nowak, aye. Vote carried to install the new phone system.

Now the real FACTS ARE IN.

All monies paid to the phone company thru the county for fiscal year July 1, 1980, thru June 30, 1981, were \$11,531.24. (This is the amount that was to be cut by the new phone system.)

All monies paid to date (June 20, 1982) for fiscal years July 1, 1981 thru June 30, 1982 are \$32,353.33 plus May's bill, which will be about \$2,000.00, for phone bills paid thru the county. Plus the operator's and alternate operator's wages and benefits.

In my estimation the commissioners spent \$22,822.09 of your tax dollars that could have been used in law enforcement or to help cut your taxes.

Wilfred H. Moshier

Grayling

P.S. All dollar amounts are found in the general bank account ledger. Also this contract is in effect for 10 years.

FIELD DAY—Mrs. Williams' and Mrs. Knibbs' second grade classes participated in a field day on Wednesday, June 9, at the football field. Pictured below are the winners of the various athletic events: Kenny Bindschatel, Ricky Montgomery, David Cable, Athena Barber, Kurt Goddard, Bob Jansma, Jamie SanCartier, and Robbie Swift.

JUNIOR DEPUTY—Some of the 4th grade students went out to see the fire engine. And Mr. Doremire was talking about the water tank. Mr. Smith was talking to the other 4th grade students in the gym. And the Junior Deputy students were asking questions and Mr. Doremire and Mr. Smith were answering questions. By Peggy Smith and Paula Chapp.

Attend the Church of Your Choice

The statue lady stands looking down at New York Harbor... at America! She is looking over a nation which has still not cast off dissension... a nation of soul-searching, of division... of all things that marked its revolutionary beginnings.

True, we are living in troubled times. But haven't times always been troubled? And since men and women are not saints, won't there always be problems and soul-searching and division?

But the important thing is that ultimately our unity has always transcended our differences... just as the unity of the Church has triumphed over even more difficult differences and division.

Our nation is over 200 years old. But it is merely a child compared to the age of the Church. In celebrating our nation's independence, isn't it a good time to turn to the Church and to everything for which it stands?

(Continued From Page 1)

The Kentuckians hail from Fort Knox. They are Active Army components who will be training alongside the Ohio National Guard members in what Public Affairs Officer Major Calvin Taylors describes as "the total army concept."

The arriving convoys were not only transporting people but all manner of military hardware. Major Taylor reported that 420 small and 205 large trucks, 90 bulldozers, graders and the like, and 715 pieces of engineering equipment including generators, also made the journey.

The Ohio Army National Guard's training schedule is basically divided into two one-week periods. The first week's activities are conducted in camp and are a mixture of classroom and hands-on training.

The highlight of the first week will be the Engineer Olympics on Friday, July 2nd. This is a competition that tests the proficiency of the drivers and crews operating their equipment. The second week sees the troops move into the field to apply their trade in a simulated battleground environment.

Even before the main convoy had arrived an advance party of surveyors from the 16th Engineer Brigade were at work on the camp's Howe road. Their training will leave some very practical and durable results. Permanent concrete sidewalks and gutters are under construction along the Howe road as part of the ongoing improvements continually being made at Camp Grayling.

We hope the Ohio Army National Guard enjoys their visit to the land of lakes, fresh air and forests. As free Americans celebrating the 206th anniversary of our Independence, we can appreciate the meaning of their work and we know they will appreciate the beautiful Grayling area.

Par For The Course

By Fay Bovee

In regular play for the Wednesday League on June 23, Corrine Smith shot a 43 for low in Flight A while her opponent June Schwarz had low net of 29. Marty Nowak chipped in on No. 7 which helped with her low putts of 12. In Flight B Phyllis Scheer, Eunice Slusser, and Ricki Stahl shared low with a 57, while Phyllis also had low net of 37 and low putts of 16. Ann Doten and Jeanne Thompson had low putts of 16 while Eunice Slusser chipped in on No. 8 giving her a bird on that hole. For Flight C, Dorothy Kaseman took low with a 58 and low putts of 15. Jean Dopp had a low net of 34.

The Monday Night League will not be playing golf on Monday, July 5, due to the holiday. For the steak night on July 12, you are to bring a dish to pass and July 19 will be a potluck.

In regular play on Monday, June 28, Phyllis Stewart had a low of 48 and also low on holes 1, 3, and 7, with a 14. Gloria Nielson again took low putts of 14 and Donna Pottorff had a bird on No. 9.
